PRESENTATION OF ITEMS

2024-145 Presentation - N. Main Street Improvements

Staff will give a presentation on improvements to N. Main Street between Lexington Avenue and Church Avenue.

Greg Venable, Transportation Director, shared a PowerPoint presentation for this item. He spoke to the N. Main Street Corridor Study provided by Kimley Horn and noted that the North Carolina Department of Transportation did not approve the suggested median for the location.

Mr. Kevin Baumann, with Kimley Horn, provided some suggestions regarding alternatives that the committee might consider.

Mr. Venable provided cost estimates for the suggested alternatives.

A discussion ensued regarding safety, walkability, and speed limits.

Mr. Venable stated the next steps would be to have a citizen information session and present it to the City Council.

Chair Peters suggested that representatives from the North Carolina Department of Transportation be invited to help answer questions.

ADJOURNMENT

There being no further business to come before the Prosperity, Livability, and Safety Committee, the meeting adjourned at 9:39 a.m.

Respectfully Submitted,

Monica Peters, Chair
