Dear Bill,

I am writing to confirm that DR Horton will request a continuance this evening to the April 13 City Council calendar. We have been working with neighbors on how best to screen this proposed development and are very close to a mutually agreed screen, but we need additional time.

My understanding of the procedure is that the public hearing will be opened; we will request the continuance; and then council can continue it to a date certain.

It is our hope that when this reaches city council for a full hearing all issues will have been fully resolved.

Tom Terrell
