Petition for Guilford County
In regards to 8809, 8813, 8819 R1 Boylston Road
Citizens of Colfax oppose the building of the neighborhood built by Keystone Custom Homes.

Opposing Reasons:

- 15 to 20 minute lead time for county services to respond to emergency's (i.e. sheriff department)
- Traffic Flow will increase dramatically.
- Overcrowding of Colfax Elementary, South West Middle, and South West High School
- Hackett Properties built 216 luxury apartments on Gray Lane Road in Guilford County, which will also have children going to Colfax Elementary, South West Middle, and South West High School.
- Pollution to our wells and natural life.
- Construction Equipment damaging personal and county property.
- Utility services cut or damaged during construction.

These above are just a few of the reasons why this neighborhood should not be built.

Below are the signatures are residents in the community who will be affected by this change:
