### PURPOSE:

This is a contract renewal Crowder Gulf, LLC. The City is making a pro-active stance to prepare for any potential storms that would warrant removal of large quantities of vegetative storm debris. The Purchasing Department issued request for proposals for this item on January 22, 2015.

### BACKGROUND:

The City of High Point has experienced ice storms, tornados and other events that have resulted in large quantities of vegetative debris over the past years. The most recent March 2014 ice storm resulted in collection of over 16,000 tons of vegetative debris. City forces, mutual aid and the general public worked diligently for months cleaning up after this storm. This contract will assure that a contractor will be accessible to provide clean up assistance (as deemed necessary) when a storm event occurs.

### BUDGET IMPACT:

Funds for this project will be set up in a storm debris removal account as directed by Finance when the event occurs.

### RECOMMENDATION / ACTION REQUESTED:

The Public Services Department recommends approval of the contract and that the appropriate City official and/or employee be authorized to execute all necessary documents.
