

**COUNTY OF GUILFORD****INTERLOCAL AGREEMENT****STATE OF NORTH CAROLINA**

**THIS INTERLOCAL AGREEMENT** ("Agreement") made and entered into on 17<sup>th</sup> day of July, 2018 by the **CITY OF GREENSBORO**, a municipal corporation in the state of North Carolina ("Greensboro"), and **CITY OF HIGH POINT**, a municipal corporation in the state of North Carolina ("High Point"), and **GUILFORD COUNTY**, a body politic and corporate ("County"). Greensboro, High Point and County will hereafter be individually known as "Party" and collectively known as "Parties".

**WITNESSETH**

**WHEREAS**, the Parties have the desire to develop an online park and trail locator application, suitable for the desktop and mobile users. The app will be called "Piedmont Discovery" ("Project"), which will provide a platform for the public to search for and find parks, trails, and amenities that are managed by each of the three Parties; and

**WHEREAS**, the North Carolina General Statutes in Chapter 160A, Article 20, provides that units of local government may enter into agreements in order to execute an undertaking providing for the continual exercise by one unit of any power, function or right; and

**WHEREAS**, the governing bodies of the Greensboro, High Point, and the County, finding that this Agreement is in the best interest to the public safety and welfare, have ratified this Agreement by resolutions being recorded and spread upon their respective minutes; and

**THEREFORE**, in consideration of the mutual covenants, terms and conditions contained in this Agreement herein accruing to the benefit of each of the respective parties hereto and other good and valuable consideration, receipt and sufficiency of which is acknowledged by the Greensboro, High Point and the County, the Parties agree as follows:

1. **Formation of Piedmont Discovery Advisory Board.** The purpose of the Advisory Board is to oversee the Project application, marketing, and growth of the regional application. Each Party will have one voting representative, to be appointed by Party's Park & Recreation Director. Decisions will be based on majority rule. The application will operate for the benefit of the region, and not specifically for one Party. Greensboro's IT/GIS Division will be responsible for hosting the data for the application and maintaining the framework of the application.

2. **Piedmont Discovery Application.** The application will be branded with the Piedmont Discovery logo, not individual Party logos. The Parties will adhere to mutually agreed upon data structures.

3. **Environmental Systems Research Institute (ESRI).** The ESRI Software platform is a requirement for all current and future Parties. All Parties will support the marketing of the Project. Greensboro's IT/GIS Division will provide comments and usage data to each participating Party on a quarterly basis, or when requested. The Parties agree to consistently update the ESRI files for parks and trails simultaneously with public information releases. For Parties whom participate in the Project who have parks and trails open to the public who fail to review data on an annual basis will lose their voting ability.

4. **Growth and Incorporation of Other Entities.** Any group wishing for their data to be included must have it in the ESRI platform. Data Storage will be centralized, with initial housing by Greensboro. The Greensboro IT/GIS Division may decentralize data storage back to each jurisdiction, but if that occurs, data structures shall remain identical to all participants. Any new entities must wait one year after the official launch to join the Project. In order for any entity to be added as a party to the Project, the entity shall agree to terms of the Project application and have executed and delivered a joinder to the Greensboro IT/GIS Department substantially in the form of Amendment to the Agreement. New Entities will not have a vote.

5. **Timeline.** The testing phase will last up to 6 months and is described as a trial period in which beta users work with the application developer (Greensboro GIS) to make edits to application. The public launch will directly follow the testing phase in coordination with targeted marketing efforts by the Parties. It is expected that the application will be operational within 12 months of the final execution of this Agreement.

6. **Financial Obligations.** High Point will contribute \$3,000 toward marketing and events as a one-time contribution. The County will contribute \$3,000 toward marketing and events as a one-time contribution. Greensboro will contribute \$10,000 for the application framework development as a one-time contribution.

7. **Term.** This Agreement shall be effective upon execution by all the Parties and shall continue until termination by written notice is delivered to all entities within at least ninety (90) days' of the termination. The departing Party will be entitled to a digital, current copy of the database used to support the application.

8. **Termination.** Either Party may terminate this Agreement at any time by giving a ninety (90) day written notice of such termination to the other Party. Upon termination of the Agreement or expiration of the term as set forth above, all outstanding contributions shall be paid by the Party.
