

CITY OF HIGH POINT

AGENDA ITEM

Title: Pro-Active Storm Debris Removal Services

From: Terry Houk – Public Services Director
Robby Stone – Public Services Asst. Director

Meeting Date: April 15, 2019

Public Hearing: N/A

Advertising Date: March 4, 2019

Advertised By: Purchasing

Attachments: Attachment A – Evaluation Matrix

PURPOSE:

The City of High Point is continuing to take a proactive stance for disaster recovery services. Contractors will provide clean-up, demolition, removal, reduction and disposal of debris resulting from a natural or manmade disaster as directed by the City of High Point in order to eliminate immediate threats to the public health and safety. The Purchasing Department issued request for proposals for this item on March 4, 2019.

BACKGROUND:

The City of High Point has experienced ice storms, tornados and other events that have resulted in large quantities of vegetative debris over the past years. The most recent, March 2014 ice storm resulted in collection of over 16,000 tons of vegetative debris. City forces, mutual aid and the general public worked diligently for months cleaning up after this storm. This contract will assure that a contractor will be accessible to provide clean up assistance (as deemed necessary) when a storm event occurs.

BUDGET IMPACT:

Funds for this project will be set up in a storm debris removal account as directed by Finance when the event occurs.

RECOMMENDATION / ACTION REQUESTED:

The Public Services Department recommends approval and asks for the Council to award the project to Crowder Gulf, LLC.
