Obituaries

There is no fee to search our High Point Enterprise index for a single obituary. Requests are accepted via telephone, e-mail, or ground mail. There is no search fee to conduct a surname search of obituaries, if you visit the library. The search will be conducted as time allows. The cost of copies requested by phone or e-mail will be determined on an individual basis.

Photocopies

Requests for articles or information from the High Point Enterprise will be accepted if an entry can be located in our index or if a specific date is specified. The index we've created includes only stories related to High Point, itself, and with the exception of obituaries, only covers the period since 1997.

We can also search city directories for individual listings (maximum of 5 years searched at one time), or provide copies from local histories, genealogies, record abstracts, and original records on microfilm. We limit remote users to one specific request per contact, one contact per day. If found, a hard copy of the item will be reproduced and mailed at a cost of \$2 for the first 5 pages and .25 for each additional page, up to a maximum of 20 pages.

Scanning

Requests for scanned images are limited to one specific item per inquiry, one inquiry per day. A valid e-mail address is required, and scanned images will be processed and sent as an attachment, free of charge, as time allows. Requests for scanned images received on weekends will be filled during the following week.

Module 1

Guidance

Module I pertains to the application fees for the review of buildings and property to determine compliance with State and local codes. Fees are intended to defray the cost of research, inspection, report preparation and other operational costs the City incurs with processing these requests.

Applications

<u>Item</u>	Sub-Item/ Description		<u>Fee</u>
Code Confirmation	Report	\$	25.00 \$50
	Site Compliance Inspection	\$	50.00

Code Confirmations provide written reports for owners, agents and legal representatives to confirm in writing the property's allowable principal uses, zoning districts, environmental regulations, and any pending violations, usually requested as part of due diligence in real estate transactions.

Code Compliance provides an inspection and certification of the building and property's compliance with current State Building and local development codes, usually requested as part of State licensing and similar situations where a determination of a building's compliance with existing codes is requested.

Building Evaluations provide a multi-trade review of an existing building's condition relative to applicable State Building and local codes to identify deficiencies and record major code requirements relative to a proposed use of the building.

Water and Sewer Extension Policy Exemptions enable an owner of property located outside the corporate limits to request an exemption from annexation for City water and/or sewer service in accordance with City Council adopted policy.

Module 2

Board Action

Module II pertains to fees associated with the review of development applications considered by the City Council, Board of Adjustment, Historic Preservation Commission and Planning & Zoning Commission. Fees are intended to defray the cost of public notice, report preparation and other operational costs the city incurs with processing these applications.

Special Event Fees

Special events are important contributors to the quality of life for High Point citizens and are welcome activities in our community. The City of High Point is happy to assist organizations and groups in providing quality events. A special event is defined as a pre-planned event, whether publicly or privately sponsored, which is held on public property, including but not limited to parks, streets and/or sidewalks.

The costs of making such facilities available are generally recovered through fees collected for the specific event. However, the public interest is also served by reducing and/or waiving such fees for certain events that have direct community benefit to the population as a whole. Furthermore, to maintain public trust, procedures shall be established for the consistent, fair and prompt evaluation of such requests.

Categories of Events

<u>Co-Sponsored</u>: Co-Sponsored events are determined by the City Council and are events of general interest to the public which provide a special economic development benefit or advances the City's public image. The City will determine through the budget appropriation process the extent to which the event will be financially sponsored, either through direct appropriation or allocation of in-kind support. Any costs in excess of the support level determined by the City will be the responsibility of the other sponsoring organization(s). The City must be listed as a co-sponsor on printed materials/announcements.

Other Non-Profit Events (Charitable/Non-Profit groups, Civic/Community Groups): Permit fees and rental fees for City facilities will be charged at 50% of charges listed in the Comprehensive Fee Schedule. Rental fees for equipment and/or Public Safety personnel will be charged at regular rates.

<u>For-Profit Events/Private Individuals or Groups</u>: All fees associated with the event are the full and complete responsibility of the requesting party. Additionally, any organization or group which did not meet their obligation for a previously fee-waived or reduced event will not be eligible to receive a fee waiver or reduction for subsequent events.
