Advertised By: N/A

PURPOSE:

The Environmental Services Division has three side loading refuse trucks in need of replacement due to age and hours. Using the NC Sheriffs' Association Procurement contract, three Autocar trucks with New Way Side Loading Refuse bodies from Advantage Truck Center are being recommended for council approval.

BACKGROUND:

The Environmental Services Division is currently using three Mack trucks with the New Way side loading bodies that have between 9,500-10,000+ hours. These trucks are used daily for residential garbage collection and need to be moved into the spare motorpool due to age and hours. Solid Waste has a total of thirteen side loading trucks and this will give them additional spare trucks to have while their trucks are being serviced and repaired. The oldest spare trucks will be disposed through the online auction. The Autocar truck with New Way side loading refuse body configuration is like the ones they are currently using and will meet their needs. The price of \$314,522.02 is for one truck, refuse body installation, and delivery. Total cost for three is \$943,566.07. Estimated delivery is 365 days.

BUDGET IMPACT:

Funds are available in 2020-21 budget

RECOMMENDATION / ACTION REQUESTED:

The Fleet Services Department recommends purchasing the three Autocar trucks with New Way side loading refuse bodies from Advantage Truck Center. Recommendation also includes declaring three current spare trucks as surplus and disposing through the online auction process.
