**Zoning Map Amendment 20-25**

**Dolores Cave Everett:** *My name is Dolores Cave Everett. I live at 1305 N. Centennial Street in High Point and I'm not interested in what's going on. What I really think we need is enough policemen out there to stop these people from racing up and down this street like it's a racetrack. I'm not interested in whatever they're talking about. I'm not interested in selling my property or anything like that. I worked too hard to get it. I'm not happy. If feel like there's something underneath this that's looming and I'm not selling my home to them. You can forget it. My name is Dolores Cave Everett at 1305 N. Centennial Street and Barry Kitley, applicant's contact for the university, he can just forget this one. I'm not interested in getting rid of my home and I'm not interested in whatever he's talking about. It's bad enough that we have all these things, race cars and stuff all up and down the street. That's what he should be working on before somebody gets killed. My name is Dolores Cave Everett at 1305 N. Centennial Street and I'm not interested.*
